Re: Antidumping Review on Coated Printing Paper from Japan, the People's Republic of China and Finland

March 24, 2023

To Commercial Attaché

Delegation of the European Union to the Republic of Korea

11th Floor, Seoul Square, 416 Hangang-daero, Jung-gu, Seoul, Korea 04637

Dear Sir or Madam:

In accordance with Article 56 of the Customs Act of Korea and Article 70 of the Presidential Decree of the Customs Act of Korea, the Ministry of Strategy and Finance determined to initiate, on March 21, 2023, an anti-dumping review on Coated Printing Paper originating in or exported from Japan, the Peoples Republic of China and Finland. Thus, the Korea Trade Commission ('the KTC') will perform an anti-dumping review in accordance with Article 70.5 of the Presidential Decree of the Customs Act of Korea.

Currently, the subject merchandise in this case is Coated Printing Paper on which the anti-dumping duty has been imposed in accordance with the Decree of the Ministry of Strategy and Finance No. 684 publicized on July 20, 2018, and is classifiable into the subheading of 4810.13.1000, 4810.14.0000, 4810.19.1000, 481019.9000, 4810.22.0000, and 4810.29.0000 of the Harmonized Tariff System of Korea.

Following the initiation, the next steps are dispatch of questionnaires, analysis of the submitted questionnaire response, supplementary questionnaire and response (if any), public hearing, on-the-spot verification, disclosure meeting and final determination. In

this regard, we would like to stress that only Korean will be spoken and written throughout the procedures with few exceptions.

The suppliers specified in the enclosed list has been selected for determining the individual dumping margins. Whereas the dumping margin of the selected suppliers is to be computed individually, the KTC normally accepts the voluntary responses of non-selected suppliers unless an individual examination would be considered as unreasonable and overly burdensome to the KTC, or prevent the timely completion of the investigation under Article 6.10.2 of the WTO Anti-dumping Agreement.

To this end, suppliers which desire to enter voluntarily into the investigation process and obtain an individual dumping margin are required to express their such intention by submitting an enclosed Application for Participation to the KTC no later than April 11, 2023. The KTC will notify whether to accept the application after consideration of relevant data and information collected through the submitted application. Accordingly, an Application for Participation should be immediately available to any suppliers which desire to enter into the investigation process. We cordially request your assistance so that they can have an opportunity to defend their interests in the course of this investigation.

If you have any questions, please contact Ms. Jungsun Hahn (Tel : 82-44-203-5872, Fax : 82-44-203-4813, email : jungsun@motie.go.kr), Deputy Director, Dumping Investigation Division.

Sincerely,

MINISTRY OF TRADE, INDUSTRY AND ENERGY
KOREA TRADE COMMISSION

Wonhee Lee
Director
Dumping Investigation Division
