Email: itpd@tas.gov.eg

*** please note that you should submit this Questionnaire in Two Copies
(Confidential and non-confidential)**

1- **General Information**

Company Name:	
Legal form:	
Address:	
Telephone:	
Telefax:	
Email of contact person:	

1-1- **Owner or principal shareholders**

Total share capital:

List the major shareholders in your company (including their part of shareholding). Please indicate if they are involved with the production and/or sale of the products concerned.

1-2- **Structure of the company**

Please outline your company's general corporate structure and affiliations.

1-3- **Company organization**

Please supply a diagram outlining the hierarchical and organizational structure of your company and its related entities.

1-4- **Range of products**

List all of products produced by your company in the following table during the investigation period, which is calendar years (2021 – 2022 – 2023 – and 2024).

Distinction should be made between the different "products concerned"

Product concerning	Tonnage produced	% of total production
<u>Total</u>		

Please attach a technical description together, if available, with sales brochure and technical specifications for each of the "products concerned" exported by your company to the Egyptian market.

1-5- Comparison

Please comment on the comparability of the products concerned exported to Egypt with that produced and sold by your competitors producing in Egypt. Identify any differences in the technical and physical characteristics and/or end uses of the products under investigation. Please also indicate if differences in production process cause any difference in quality, end use or application.

1-6- Audited accounts

Attach audited accounts (balance sheet and profit and loss account) for the last three financial years for your company.

1-7- Total sales volume

Please complete the following table: [indexed]

	2021	2022	2023	2024

Please complete the following table: [indexed]

	2021	2022	2023	2024
TOTAL COMPANY SALES Value				
SALES value OF ALL THE PRODUCTS CONCERNED				

1-9- Company's profitability (%) [indexed]

	2021	2022	2023	2024
Profitability				

2-INFORMATION CONCERNING EACH OF THE PRODUCTS CONCERNED PRODUCED BY YOUR COMPANY

2-1 Introductory note

Please take careful note that this information should be completed separately for **each of the "products concerned"**

2-1-1 Production and capacity [indexed]

	2021	2022	2023	2024
Production (tons)				
Capacity (tons)				
Capacity utilization (%)				

Production should cover both products sold by the company and products used internally for further processing (captive use).

Capacity refers to maximum possible production. Describe the shift system operated by your company and the method used to calculate capacity installed.

In the event that your company produces products other than the product concerned on the same equipment and machinery used for the production of the product concerned, please list these products and explain the basis for your allocation of your company's total production capacity.

2-1-2 Total sales volume, captive use and stock variation (in tons) [indexed]

	2021	2022	2023	2024
Total sales volume				
Captive use (WIP)				
Stock variation (Raw material & Other)				

2-1-3 Total sales revenue

Report total sales quantity, value of sales and average sales prices for the product concerned in the following table:

Sales quantity should be reported in tones.

Value of sales and average sales price should be reported net, ex-factory, free of taxes, after all rebates/discounts (please specify the currency). **[indexed]**

	2021	2022	2023	2024
Sales on your domestic market				
Volume				
Value				
Unit price				
Sales in Egypt				
Volume				
Value				
Unit price				

2-1-4 Consumption in your domestic market

Please estimate the development of consumption of the "product concerned" in your domestic market. Please support the information provided (be it actual knowledge or "best estimates" according to experience) on the various markets by supplying appropriate documentation.

	2025	2026	2027
Consumption			

2-1-5 World-wide capacity and production

Please comment on the current situation and the foreseen developments for

the next three years of the capacity and production of the product concerned installed on your domestic market, in Egypt and world-wide. Please support the information provided (be it actual knowledge or "best estimates" according to experience) on the various markets by supplying appropriate documentation.

2-1-6 Future plans on production and capacity:

Please comment on your future plans (2025 – 2026 - 2027) for production and capacity of the products concerned in the light of the Safeguard Measures may be taken by many countries in the event that:

- a) definitive Safeguard Measures are imposed by Egypt,
- b) definitive Safeguard Measures are **not** imposed by the Egypt

3- Future Plans for Sales

Please comment on your future forecasts (2025 – 2026 - 2027) for sales of the products concerned in the light of the Safeguard Measures that may be imposed by many countries the event that:

- a) definitive Safeguard Measures are imposed by the Egypt,
- b) definitive Safeguard Measures are **not** imposed by the Egypt.

Do you expect any significant changes in your domestic and other third markets as a result of the Egypt Safeguard Measures?

4- Other Factors

The investigation must examine factors other than trends in imports which may have caused or may threaten to cause injury to the Egyptian domestic industry.

Please comment on these potential factors, if any., and their evolution. Explain how they may affect the situation of the market. for each product.

This analysis may include your views on:

- the situation of the Egyptian demand for the "product concerned",
- the overall situation on the world market of the "product concerned" and the demand for exports towards third countries,
- the competitiveness of Egyptian producers (including quality, efficiency and performances of your production lines) with respect to competitors,

5- VIEWS REGARDING THE INVESTIGATION

5-1- Explain your reasons for your participation as an interested party to the investigation.

5-2- Explain your views regarding the absolute or relative increase of imports of the product subject to the investigation, and what is the unforeseen development caused such increase?

5-3- Explain your views regarding the causal link between the increase in the imports of the product subject to the investigation and the serious injury/threat of serious injury on the domestic industry.

5-4- Please comment on the comparability of the product concerned exported to Egypt with that produced and sold by the companies in Egypt. Identify any differences in the technical and physical characteristics and/or end uses of the product that you have exported to Egypt and that produced and sold in Egypt by the Egyptian producers.

5-5- Explain your views regarding the safeguard measure.

5-6- Explain any other views.

*** This list is non-exhaustive. Please add any additional information explaining the current situation of your industry.**
